## Bar Service and Wine

Bar service is available in licensed areas on the University campus. House brands of liquor, beer and wine are served unless premium brands are requested for an additional charge. All bars use glassware unless disposable ware is requested.

We maintain a selection of quality wines and spirits. We will be pleased to make recommendations to complement your menu selections. If you require us to purchase alcoholic products we do not carry, you will be charged for the full purchase cost with no refund. Hospitality Services is governed by the Provincial Liquor Laws and Rules of the University of Guelph. Under the terms of the AGCO, Hospitality Services is prohibited from allowing any individual or group to provide their own alcoholic beverages at their catered event on campus. Liquor service will be permitted only during normal University licensing hours. No more than two (2) drinks will be served to a guest at one time and no doubles will be served. We care about the safety and well being of our customers.

Bar Revenues must cover all bar costs and labour or the clients will be invoiced for the difference. Hospitality Services reserves the right to refuse licensing your catered event due to function specifications

## Host Bar

There is no charge at the time the drinks are served. The number of drinks served is tallied and an invoice is sent to the host group for all beverages consumed.

## Cash Bar

Customers are charged for drinks on a cash basis at the time of service.
